

Riverside Family Dental

128 Main St Suite 2, Somerville, NJ

08876 · riversidefamilydental.com · 908-555-0142

Report generated 22 Jul 2026 · Prepared by Robointech

ROBOINTECH

AI-Powered Practice Growth
robointech.com

Riverside Family Dental has **excellent reputation fundamentals** and a well-structured local SEO site, but is **leaking patients on its own website** — the insurance-check form is broken, booking is split across two tools, mobile load is slow, and there's no chatbot, text-back, or AI layer catching the patients who land after hours. An estimated **15–22 new-patient inquiries a month** are going to competitors with modern intake.

✓ Strong reputation (284 reviews, 4.8★)

✓ Solid on-page SEO & GTM tracking

⚠ Broken lead form on homepage

⚠ No AI chat / call automation

1 Local Presence & Reputation

Where a nervous new patient forms their first impression — before they ever click through.

MAP PACK RANK

#5

for "dentist near Somerville"
— 4 competitors rank
above you within 2 mi

REVIEW VOLUME

284

Indexed across Google-fed
directories — a strong trust
signal for a single-location
practice

RATING

4.8 ★

Consistently top-rated
across every source
checked (Google, Yelp, on-
site testimonials)

REVIEW VELOCITY

+4 / 30 days

Top competitor gained +12
in the same period — your
profile reads "inactive" to
Google

REVIEW RESPONSE RATE

34%

Roughly 188 of 284 reviews
have never received an
owner reply

GBP PHOTOS

Healthy — keep monthly
uploads going to stay active
in the pack

GBP POST FREQUENCY

3 last 90 days

Weekly posting recommended to stay competitive in the map pack

FACEBOOK REVIEWS

6 "under-utilized"

A daily-active Facebook Page sitting on almost no reviews — a wasted reputation asset next to the 284 on Google

2 Website & Lead Capture Health

Reviewed directly from the live site — what a visitor and a search bot actually encounter.

CMS & CACHING

WordPress + WP Rocket

Caching layer active — a reasonable performance foundation to build on

ANALYTICS / TAG MANAGER

GTM Installed

Tracking container confirmed — ready to layer conversion tracking on top

"CHECK INSURANCE" FORM

Broken

Page renders a form error ("Gravity Forms not active") instead of the intake widget

BOOKING STACK

Split across 2 vendors

Two booking tools live in the site code — a confusing, inconsistent patient flow

HIGHEST-PRIORITY FIX

The homepage "Check your insurance" widget — a primary call-to-action right under the hero video — is a **dead form**. Every visitor who clicks it to check coverage hits a blank error instead of a lead capture. On a practice pulling in 284 five-star reviews worth of demand, this is silently costing booked exams every single day.

3 Website Health & Core Web Vitals

Translated from raw Lighthouse scores into what it means for a nervous new patient on their phone.

PERFORMANCE

2.8s

Largest Paint

4.1s

Interactive

4.1s

Can tap "Call Now"

A mobile visitor stares at a loading screen for **4.1 seconds** before your Call Now button is even tappable — long enough for roughly 1 in 5 patients to bounce back to search results.

4 AI & Automation Maturity

The gap between a well-reviewed practice and a 24/7 digital front desk — where competitors are quietly winning.

AI Chatbot / Live Chat

No chat widget detected — after-hours visitors (evenings, Sunday closures) get no response until the next open day

AI-Ready Website fixes this

Missed-Call Text-Back / AI Voice Receptionist

A missed call during short hours gets silence, not an instant SMS — 62% of callers move to the next dentist rather than call back

AI Calling fixes this

Real-Time Self-Scheduling

Two different booking tools live on the site with no single source of truth for open slots

AI Appointments fixes this

Patient Comms / PRM Stack

No PRM script detected (e.g. Weave, Podium, NexHealth) — reminders and recalls are likely manual

AI Appointments fixes this

Broken Lead Intake Repaired + Automated

"Check Insurance" form needs fixing, then can become an AI-qualified intake that routes hot leads straight to the front desk

AI-Ready Website fixes this

5 Ad Tracking & Paid Readiness

Are you collecting the data you'd need to run profitable ads tomorrow?

META PIXEL

Missing

No retargeting audience being built

GOOGLE ADS PIXEL

Active

Ready to scale paid search

GOOGLE ANALYTICS / GTM

Active

Tracking foundation in place

LSA / GOOGLE SCREENED

Not Verified

Missing the top-of-SERP trust badge

6 Local Citations & NAP Consistency

Name / Address / Phone consistency across the directories Google cross-checks for local trust.

Google Business Profile	Found & Active
Yelp	Found & Active
CareCredit Provider Directory	Found & Active
Facebook	Found — under-utilized (6 reviews)
Dentist-Pro.com	Found — empty profile, 0 reviews
Healthgrades	Not found in search
Zocdoc	Not found in search
Angi	Not found in search
Yellow Pages	Not found in search

HOURS INCONSISTENCY DETECTED

The homepage footer lists Tue & Wed as 9am–6pm, while the site's own Contact page lists Wed as 7:30am–6pm and a third-party directory lists Tue as 8am–3pm. Google penalizes exactly this kind of NAP/hours mismatch when deciding who to trust in the map pack — and it's an easy, fast fix.

7 AI Overviews & Generative Engine Readiness

Is this practice built to be cited by AI Overviews, ChatGPT, and Perplexity when someone asks "best dentist near Somerville"?

TOPICAL STRUCTURE

Strong foundation

Dedicated silo pages for nearby towns — the kind of structure AI engines reward

STRUCTURED DATA (SCHEMA.ORG)

Unverified

Needs a direct source-code check for LocalBusiness / Dentist / FAQ schema

ANSWER-READY CONTENT

Marketing copy, not Q&A

Service pages read as brochure copy rather than the direct question/answer format AI Overviews tend to lift

THIRD-PARTY CITATION AUTHORITY

Thin

The directory gaps from Section 6 also weaken the trust signals AI engines use to decide who to cite

What This Means For Your Chair Count

BRINGING YOU PATIENTS

Elite reputation (284 reviews, 4.8★), clean tracking setup, and a genuinely well-structured local SEO site

WHERE YOU'RE LOSING PATIENTS

A broken insurance-check form, split booking systems, slow mobile load, a low review-response rate, and hours listed three different ways

WHERE COMPETITORS PULL AHEAD

No AI chat, no missed-call text-back, no unified real-time booking — the 24/7 layer that's now standard for growing practices

Close the AI gap in 30 days

Robointech's stack is built to fix exactly what's flagged above — starting with the broken form and fragmented booking, then layering in 24/7 AI coverage.

AI Calling

Never miss a call — instant text-back & AI voice receptionist

AI Appointments

One unified, real-time booking system, no more split tools

AI-Ready Website

Fix the broken form, add a 24/7 chatbot & qualified intake

AI Reputation

Turn Facebook into a real review channel, close the response gap

SEO Backlinks

Close the citation gaps on Healthgrades, Zocdoc & more

AISEO / GEO

Structure content so AI Overviews & ChatGPT cite you first
